How do I change the navigation font for my site?

You can change the navigation font, such as the color, size and font type, using the Style Designer.

To do this:

1. Click on Style > Style Settings > Style Designer.
2. Color: In the Colors section you can choose a color for the Navigation, Navigation Selected as well as Hover. You can choose a color from the color palette or enter your own HEX Number.
3. Type and Size: In the Font section click on “Navigation” and you can choose a font type and size.
4. Click “Save.”
