How do I add HTML to my site?

Here's how to add HTML to your site using the HTML Code Widget:

1. Click on Widgets > Popular.
2. Drag and drop the HTML Code Widget onto the page.
3. The HTML Editor will open up allowing you to write or paste your code (use right-click > paste or Ctrl-V to paste).
4. When you are done, click "Save."

Here's how to add HTML to your site using the Text Widget:

1. Click the HTML button on the Text Editing Toolbar.
2. Edit the HTML as desired.
3. When you are finished, click "OK" to return to editing text with the Text Editing Toolbar.
